Ticket Lottery: What You Need to Know!

We find that having a lottery is the best way to handle the purchase of tickets. In the past, people would line up at all hours to buy tickets. The lottery alleviates the line and gives you a specific day and time to come to the studio to buy tickets.

- During their class, each student will choose a number from our "fish bowl" between 1-96 starting on Monday April 19, 2010.
- Each number tells the time and date to purchase tickets.
- Only 1 lottery pick per family per show. For competing teams who are in both shows, please inform your child which show to pick, either 1:00 or 5:30.

- All selected numbers are kept on a master list. Your chosen lottery number will be part of the recital package given to each family.
- You may purchase additional tickets for any show after the sale day.
- Purchase as many tickets as you wish. You are not restricted to the number of tickets a family can purchase! Remember, ticket sales are **at the studio on...**
- **May 16th** from 11-2pm for the 1:30 show
And from 3-6 for the 5:30 show
